Programme Information

ELIGIBILITY • LEARNING • PROGRESSION

Eligibility

Applicants should generally have completed Intermediate / HSSC, A Levels or an equivalent qualification. Final eligibility may vary according to the relevant awarding body, programme specification and institutional admission policies.

Learning Experience

HND programmes combine academic knowledge with practical learning, projects, research, professional development and subject-specific activities. Students develop technical or professional expertise, communication, analytical thinking, creativity, teamwork and problem-solving skills.

Higher Education Progression

On successful completion, students may explore progression towards relevant undergraduate or top-up degree programmes, subject to academic performance and the admission requirements of the receiving university or institution.

Admission Requirements

- Completed admission application form
- Intermediate / HSSC, A Levels or equivalent qualification documents
- Academic transcripts and certificates
- Matriculation / SSC documents, where required
- Recent passport-size photographs
- CNIC / B-Form or passport copy
- English language evidence, where required
- Equivalence certificate for applicable foreign qualifications
- Any additional documents required by CAS or the relevant awarding body
